SKILLS

- Java
- SQL
- HTML5
- CSS3
- PostgreSQL
- Git & Github
- Python

CERTIFICATIONS

- **Java Full Stack** - Successfully completed Java Full Stack training at Besant Technologies in Velachery, Chennai.
- **Associate Intern** - Successfully completed Internship at Kadit innovation , Kadayanallur.

EDUCATION

Govt Arts & Science College, Kadayanallur.

B.Sc Computer Science
2020-2023

Govt Boys Hr Sec School, Kadayanallur.

HSC
2017-2019

Govt Boys Hr Sec School, Kadayanallur.

SSLC
2016-2017

PROFILE

Recent computer science graduate with a robust background in Java programming, web development, and a fervor for continuous learning and contributing to innovative projects. Actively pursuing an entry-level position as a Java full-stack developer to apply my skills and knowledge to real-world applications, while aiming to enhance my expertise in web development. Eager to leverage my programming skills and contribute to the dynamic landscape of Java-based solutions.

PROJECTS

INTELLIGENT ADMISSIONS THE FUTURE OF UNIVERSITY DECISION MAKING WITH MACHINE LEARNING

BACKEND LANGUAGE - Python

FRONTEND LANGUAGE - Html & Css

- Developed a complete machine learning project using python and html , css.
- Managed the project lifecycle using Python, Pandas, NumPy, and Scikit-Learn for data manipulation, analysis, and machine learning.
- Implemented diverse ML algorithms (linear regression, random forest, SVM)
- applied data preprocessing techniques like label encoding and feature selection.

EDUCATION WEBSITE (TEAM PROJECT)

Role - DATABASE ENGINEER

PostgreSQL

- Implemented efficient and user-friendly database structures to organize information effectively.
- Developed precise and effective queries to retrieve required data from the database.
- Optimized database queries for enhanced performance and responsiveness.
- Implemented robust security measures to safeguard sensitive data and ensure controlled access.
- Established reliable backup procedures to ensure data integrity and quick recovery in case of disruptions.
